

# INDIANA UTILITY REGULATORY COMMISSION GENERAL INSTRUCTIONS AND FORMS

**FOR** 

# SMALL MUNICIPAL WATER UTILITY-CASH BASIS RATE CASE

**ACCOUNTING SECTION** 

43502

FILED

MAY 2 7 2008

INDIANA UTILITY
REQULATORY COMMISSION

#### INSTRUCTIONS

#### COMPARATIVE RECEIPTS AND DISBURSEMENTS STATEMENT (Page 3'& 4)

Column A should reflect data for the "test year." The test year selected should be the most recent twelve month period and serves as a basis for determining the financial position of the utility and the appropriate level for the utility's rates. The test year must not be any older than six months from the time you file your accounting data and not include any partial months. Test years ending on a calendar quarter are preferred. Col. B should be the next, most recent calendar year available.

ANALYSIS OF UTILITY PLANT IN SERVICE (Page 5) See footnotes on the schedule for instructions.

#### ANALYSIS OF CASH OPERATING FUND (Page 6)

Line 1 should be the date of the beginning of the Comparative Receipts and Disbursements Statement. Line 15 should reflect the ending date of the test year.

ANALYSIS OF BOND AND INTEREST FUND (Page 7) Follow the above instructions for the Cash Operating Fund.

ANALYSIS OF DEPRECIATION FUND (Page 8) Follow the above instructions for the Cash Operating Fund.

ANALYSIS OF METER DEPOSIT FUND (Page 9)
Follow the above instructions for the Cash Operating Fund.

ANALYSIS OF OTHER FUNDS (Page 10)

Follow the above instructions for the Cash Operating Fund.

PROFORMA OPERATING RECEIPTS AND DISBURSEMENTS STATEMENT (Page 11)
Column A, the test year, should be taken from Column A of Page 3, the Comparative
Receipts and Disbursements Statement. Column B of this page reflects the fixed, known and
measurable adjustments that are detailed on the pages following this schedule. Column C is the
sum of Column A and Column B. Column D contains adjustments to revenues and taxes which are
necessary to reflect the effects of the proposed rate increase. Column E is the sum of Column C
and Column D.

#### DETAIL OF ADJUSTMENTS (Pages 12 through 15)

These are sample adjustments that you may use. If your circumstances require the use of another format, feel free to use you own format. Additionally, you might not have adjustments to all of the expenses listed, or you may have other adjustments to accounts that are not shown as typical adjustments. If you use your own format, please show as much detail as possible.

#### SCHEDULE OF PRESENT AND PROPOSED RATES (Page 16)

This schedule is somewhat self-explanatory. The tracker column, or Column B, would only be filled-out if the utility purchases all, or part of its water from another utility.

#### INSTRUCTIONS

#### REVENUE REQUIREMENTS STATEMENT (Page 17 through 19)

This schedule itemizes and totals the utility's statutory revenue requirements. Proforma operating revenues at proposed rates, as calculated in Column E of the Proforma Operating Receipts and Disbursements Statement, along with available interest income, should not exceed the total revenue requirements calculated on this schedule.

#### Operation and Maintenance Expenses and Taxes Other Than Income Taxes

These numbers are derived from Page 11, the Proforma Receipts and Disbursements Statement.

#### **Debt Service**

The revenue requirement should include the principal and interest payments for all of the legal obligations of the utility.

#### Debt Service Reserve.

Debt service reserve accounts may be funded through rates but the funding shouldn't exceed 10% of the annual principal and interest payments for each debt issue.

#### Working Capital

This calculation was adapted from the Federal Energy Regulatory Commission's generic "45 day" working capital computation. The purpose of the FERC computation was to estimate the number of dollars a utility has invested in funding the lag between the time payments are due for its expenses and the time collections are received from the utility's customers. 45 days reflects a 30 day billing cycle plus a 15 day grace period for payments. We divide by eight because there are approximately eight 45-day periods in a year. The calculation on Page 17 provides for the petitioning utility to have enough working capital on hand to meet 45 days of expenses or to build that amount up over a three year period. Purchased power and purchased water are excluded expenses because they are assumed to be on a similar billing cycle as the petitioning utility.

#### Payment in Lieu of Taxes "PILT"

The purpose of Payment in Lieu of taxes is to compensate the municipality for property taxes which would be due if the utility were privately owned. PILT may be transferred to the municipal general fund if the legislative body elects to do so.

#### Return on Plant

This amount is determined by the utility board but should not be excessive. The calculation on Page 19 is designed to test the reasonableness of the dollar amount the utility requested for return on plant. It is an indirect test. Sometimes the test will show that zero additional funds requested is too much. In that case, no additional funds should be requested. In other instances, a comparatively low rate of return may result in a seemingly high dollar amount in relation to the utility's other revenue requirements. The prevailing interest rates on U.S. Treasury securities should considered when determining the reasonableness of the rate of return produced by this test.

#### **Extensions and Replacements**

Funds to be provided through rates for extensions and replacements of utility plant is calculated in the Engineering Section of this report.

Note: Many cash-basis water utilities do not keep detailed plant records. If this is the case with you, please provide the latest known plant valuation along with the figures for accumulated depreciation. Then note all plant additions since the latest valuation. The State Board of Accounts normally reports the utility plant and accumulated depreciation valuation in their audit reports.

<sup>\*</sup> Beginning Utility Plant in Service balance is \$1,615,336 per the IURC annual filing for December 31, 2006. The only addition in the past two years was the purchase of a laptop computer. The utility does not keep depreciation data.

# INDIANA UTILITY REGULATORY COMMISSION GENERAL INSTRUCTIONS AND FORMS

**FOR** 

SMALL MUNICIPAL WATER UTILITY

**RATE CASE** 

**ENGINEERING SECTION** 

#### **GENERAL INSTRUCTIONS**

The following forms have been developed by the I.U.R.C. Water Section of the Engineering Division. The purpose of these forms is to provide the I.U.R.C. with the general information required to assist in the processing of Small Water and Sewer company rate cases.

In general, the information provided on completed forms should reflect test year data. It is in the best interest of those involved that the information provided be complete and accurate.

A tariff incorporating the proposed rates must be included as a part of the filing. The proposed tariff should include recurring rates and all non- recurring charges.

## KINGSFORD HEIGHTS MUNICIPAL WATER UTILITY $\underline{\textbf{LEGAL NOTICE}}$

## LEGAL NOTICE OF FILING FOR A CHANGE IN WATER RATES BY THE TOWN OF KINGSFORD HEIGHTS Kingsford Heights, Indiana

| Notice is hereby given that on                          | , 2008 the Town of Kingsford         |
|---|--------------------------------------|
| Heights (the "Utility"), Indiana, filed with the Indian | na Utility Regulatory Commission for |
| an increase in its schedule of rates and charges of a   | pproximately 36.3% for water sold to |
| its customers.  |                                      |

The Utility has filed its application for a rate change under IC 8-1-2-61.5 without the necessary costs of a utility regulatory commission hearing; however, a public hearing by the utility regulatory commission will be held if any public or municipal corporation, ten (10) individuals, firms, corporations, or associations, or ten (10) complainants of all or any of these classes affected by the proposed rate change or the utility consumer counselor requests a formal public hearing by filing a written signed request with the Secretary, Indiana Utility Regulatory Commission, National City Center, 101 West Washington Street, Suite 1500 East, Indianapolis, IN 46204. Such request must be filed with the Indiana Utility Regulatory Commission within forty (40) days of the date the application for rate change was filed with the Indiana Utility Regulatory Commission. There will likely be no hearing on this matter in the absence of a written request for such hearing.

## KINGSFORD HEIGHTS MUNICIPAL WATER UTILITY <u>AUTHORIZING RESOLUTION</u>

#### RESOLUTION NUMBER 2008-04

### A RESOLUTION AUTHORIZING APPLICATION FOR SMALL UTILITY RATE CHANGE

WHEREAS, the Town of Kingsford Heights Water Utility is a municipal water utility that serves fewer than 5,000 customers to which it provides primarily retail water services; and

WHEREAS, it has been determined that said utility should apply for a small utility rate change by submitting an application with the Rates Division of the Indiana Utility Regulatory Commission;

NOW THEREFORE, BE IT RESOLVED, by the Town Council of the Town of Kingsford Heights, Indiana that it authorizes and directs that a complete small utility rate change application form be filed with the Indiana Utility Regulatory Commission, Rates Division, so that it might approve a rate change in accordance with the small utility rate change procedure as provided for in I.C. 8-1-2-61.5 and 170 IAC 14-1-1 et seq.

IT IS FURTHER RESOLVED that the Town's financial advisor, Umbaugh, is hereby authorized to do all things necessary to carry out the intent of this resolution and more specifically, to prepare and file the application provided for hereinabove.

It is intended that a copy of this Resolution shall be filed with the application for rate change as provided for the 170 IAC 14-1-2 (4).

REPEALER: All resolutions or parts of resolutions in conflict herewith are hereby repealed.

SEVERABILITY: Any provision herein contained which is found by a court of competent jurisdiction to be unlawful or which by operation shall be inapplicable, shall be deemed omitted but the rest and remainder of this resolution, to the extent feasible, shall remain in full force and effect.

EFFECTIVE DATE: This resolution shall be in full force and effect upon passage.

ADOPTED BY THE TOWN COUNCIL OF THE TOWN OF KINGSFORD HEIGHTS, INDIANA THIS 25th DAY OF Hebruary, 2008.

ATTEST:

Bosalu Macobs

## KINGSFORD HEIGHTS MUNICIPAL WATER UTILITY RURAL DEVELOPMENT CONSENT

### United States Department of Agriculture Rural Development • Columbia City Area I Office

April 11, 2008

Town of Kingsford Heights P.O. Box 330 Kingsford Heights, IN 46346

Dear board Members:

Rural Development does not oppose or object to the Kingsford Heights Water Utility pursuing a rate increase without a formal public hearing under the Indiana Utility Rate Commission (IURC) small utility filing requirements.

Sincerely,

Thomas J. Bernhard Area Specialist

1919 E. Business 30 • PO Box 699 • Columbia City, IN 46725

#### Conclusion

The \$6,785 for chemical cleaning is an expense that occurs every year, per C/T (all three wells are cleaned 1 a year on a 3 year cycle). This expense did not occur in 2007 due to the large amount of other repairs. Therefore, the \$6,785 needs to be included as an operating cost for test year.

The \$503 for 3 year audit expense needs to be adjusted into operating expenses.

x Subject to PERF of 5%.

Town Council - All town council salaries will remain same for 2008.

Additional Employee - The additional employee is assumed to be paid \$10.0% from water. He/she is also assumed to be full time (40 hrs./wk.), PERF eligible, and be paid \$11.20 per hour.

<sup>\*</sup> Adjustment for money received for personal absence (PA) time cashed out in December 2007.

\*\* PA time is assumed at 2007 amount. Could increase this based on 2008 rate, but to be conservative I did not.
